

FAHAD HUSSAIN

fahadxhussain@gmail.com • +92 3493196194

SUMMARY

Software Engineering student with a strong foundation in JavaScript and React, and hands-on experience in full-stack development using the MERN stack. Proficient in building responsive, scalable web applications with clean architecture and efficient code. Solid understanding of OOP, DSA, and familiar with Java and Oracle SQL. Well-equipped to contribute to modern development environments and agile teams.

EDUCATION

Bachelors in Software Engineering

Spring 2023 - Present

COMSATS University Islamabad, Islamabad

SKILLS

- | | | |
|------------------|----------------|-------------------|
| • HTML | • Tailwind CSS | • Oracle SQL |
| • CSS | • Context API | • OOP |
| • Javascript ES6 | • NodeJS | • Data Structures |
| • ReactJS | • ExpressJS | • Java |
| • Redux | • MongoDB | |

PROJECTS

• Weather App with JS

Responsive weather application built with HTML, CSS, and JavaScript. Fetches real-time data from the OpenWeatherMap API using Fetch and async JavaScript. Features dynamic city search, weather icons, and a clean, modern UI.
